**Subject:** RE: 3-S467 Advanced Disposal (PA0000100945); Cumberland, PA--CERCLA Request 5-18-20  
3-S467 Advanced Disposal (PA0000100945)--CERLA request 5-18-20.docx

The initial determination for CUMBERLAND CNTY ADVANCED DISPOSAL, 135 VAUGHN RD, SHIPPENSBURG, PA 17257, FRS ID: 110069523974 ("Facility") to accept waste regulated by the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) Off-Site Rule (OSR) 40 CFR Section 300.440, within the limitations of its permit, was provided by EPA on 7/5/16.

Based on an associated review of EPA's ECHO compliance & enforcement data systems on 5/26/20, EPA hereby determines that the Facility remains **acceptable** to receive CERCLA waste within the limitations of its permit. This acceptability determination is specific to the information provided by requestor on the attached Off-Site Rule Request form. Any OSR shipments to this Facility outside of the request, or for a period occurring longer than 60 days after the date of this email, will require an additional request to EPA to verify continuing acceptability.

PLEASE NOTE: The OSR establishes compliance and release criteria, and establishes a process for determining whether facilities are acceptable based on those criteria. However, once a Facility's OSR acceptability status has been determined, EPA assumes that such Facility will only accept waste, and waste will only be sent to such Facility, which continues to comply with relevant laws and permits. Please contact the Facility prior to any shipments to confirm that the Facility retains the authority and capacity to receive the specific amount and type of waste(s) being sent to the Facility.

Good morning,

Please let me know if Advanced Disposal (PA0000100945) is CERCLA approved to accept waste.

The corresponding analytical and lab pack container sheet is attached for your review.

Thank you,  
Amy
